

## **Application:**

Sugar

## **Collector Model:**

SPJ-18-X4B8

## **Air Volume:**

2000 ACFM

## **Air-to-Cloth Ratio:**

11.75 to 1

Contact Scientific Dust Collectors for more information. Ask for Application Number 269904.

## **Application Notes:**

American Licorice Company is a candy maker producing popular brands like RedVines and Sour Punch confections. They use a Scientific Dust Collector to control sugar dust during production. The interior of the collector has an epoxy finish to resist corrosion. The collected material is disposed of through a slide gate and deposited into a fifty-five gallon drum.
